

Small Business Institute for Excellence in Commerce

September 23, 2013

On behalf of the Small Business Institute for Excellence in Commerce, I wanted to let you know that The Energy Group has been recognized as a 2013 New Jersey Excellence Award recipient. Our panel of industry executives and consultants oversees an annual survey commissioned by the SBIEC on various industries and determines which companies meet and exceed the industry benchmarks that have been set forth. The Energy Group was one of those selected this year.

Regards,

Margaret Trudle
